### DETAILED ACTION

1. Applicants filed an after final amendment dated FEB. 14, 2005. Claims 1, 3, 4, 6-8, 11-18, 22, 24, 26-27 are pending.

2. *Examiner's Amendment*

Authorization for this examiner's amendment was given in a telephone interview with Mr. Rodney on Apr. 19, 2005.

Claim 22 is canceled and replaced with claim 28.

**Claim 28:** A method of treating disease or disorder selected from inflammatory bowel disease, irritable bowel syndrome, Crohn's disease, arthritis, Addison's disease, autoimmune gastritis, autoimmune hemolytic anemia, and autoimmune neutropenia comprising administering to a warm-blooded species in need of such treatment a MC-1R or MC-4R melanocodin-receptor agonistic-effective amount of at least one compound according to claim 1.

The use of compounds in treating virus related conditions are patentably distinct and canceled as non-elected invention without prejudice of applicant's filing of divisional applications.

3. *Reason for Allowance*

The following is an examiner's statement of reasons for allowance:

Applicants have amended claims 1, 3, 4, 6-8, 11-18, 24, 26-27 to correct all the 112 issues. By the above examiner's amendment, applicants have obviated all the 112 issues of claim 22 by canceling the claim and replaced it with claim 28 wherein rejoinable subject matter was limited. Claims 1, 3, 4, 6-8, 11-18, 24, 26-28 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
